12 Anticipated Contract Start		December 2, 2021	CONFIRMED

2. **State responses to questions and comments in the table below amend and clarify this RFQ.**

Any restatement of RFQ text in the Question/Comments column shall NOT be construed as a change in the actual wording of the RFQ document.

QUESTION / COMMENT	STATE RESPONSE
1 Are Joint Ventures permissible on this project?	Yes. Please refer to RFQ Section 4.10. and RFQ Attachment 6.2. A.8.
2 On the Project Reference Form, the project information requests square footage information that isn't applicable to our work. Can we ask for a revision?  There is another one asking for the "project executive". Can we get clarification of who that is?	Please replace the Project Reference Form, RFQ Attachment 6.3.b., with the Project Reference Form following item #3 below.  The project executive is the proposed contract signatory
3 Please confirm if the proposed pumping station (to be located in Covington) is to be built under the same contract as the 37 miles of force main, or will there ultimately be two separate bids for PS and force main?	Yes, they will be bid together and built under the same contract.
4 Are there preliminary / partial plan sheets showing the force main route/alignment, HDD segments, the Mississippi River diffuser, and the pump station, that STREAM may share with contractors at this time?	Yes we have plans available at: SSOE Dwayne Hibdon <a href="mailto:dhbdon@ssoe.com">dhbdon@ssoe.com</a> 3720 Spring Way Nashville, TN 37027
5 The RFQ provides a \$60 million estimated project value. Is the pump station included in this total? If so, what is the estimated total for the PS?	The total construction estimate is \$60,000,000 which includes the pump station.
6 The RFQ notes a contract start date but no completion date. What is the anticipated required completion date?	The anticipated completion date is estimated to be 540 calendar days from Notice to Proceed.
7 Will future bid packages for water / sewer infrastructure at the Megasite be handled under future RFQ? Is this driven by tenant selection?	Yes. Work on the megasite property will be a separate contract. Scope and timing of this separate contract will be determined by many factors.

3. Please replace the Project Reference Form, RFQ Attachment 6.3.b. with the below. The changes are highlighted in yellow:
